LAND USE & THE ENVIRONMENT

City Centre Improvements

The Council is currently in the process of creating a Masterplan for the city centre. The first stage of this Masterplan involves assessing the redevelopment schemes that have been proposed or implemented in recent years. Included in the works that have been carried out are various streetscape schemes such as the re-paving of Belmont Street and Back Wynd, widening the pavements in Union Street and the provision of sign boards, such as the boards explaining the history of the Castlegate.

1. In general, do you think the city centre has been improved by these schemes?

Yes No

2. In your opinion, what is the single biggest improvement that could still be made to the city centre?

Community Stadium

Aberdeen City Council and other potential partners, including Aberdeenshire Council, Aberdeen Football Club, Aberdeen City and Shire Economic Forum, The Aberdeen City Alliance and the Scottish Executive, are looking into the potential for a community stadium to serve the North East of Scotland. The aim is to develop a facility which is much more than simply a football stadium. It also acts as an educational, training, social, recreational, employment and community hub seven days a week for the benefit of the North East of Scotland. The project would involve a wide range of public and private sector bodies as well as representatives from community groups in the city.

3. Do you support the idea of a community stadium in Aberdeen?

Yes (Please answer Questions 4 and 5) No (Go to next section - A CLEAN CITY)

If Yes, what facilities do you think should be included? Please tick all that apply.

m) Telephone helpline	<input type="checkbox"/>	<input type="checkbox"/>
n) TV advertising	<input type="checkbox"/>	<input type="checkbox"/>

12. How well do you think Aberdeen City Council informs you about the following issues?

	Very Poor				Very Well		
	1	2	3	4	5	6	7
a) Waste prevention (reducing the amount of waste that goes into your general waste bin)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b) Reuse practices (reuse of clothing, batteries, terry towelling nappies, paper etc)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
c) The range of materials we collect for recycling	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
d) Home composting	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

In Scotland we must change the way we dispose of our waste. Sending waste to landfill is not an option for the future. Strict legislation surrounding landfilling waste increases the need to change disposal methods or Councils will be fined considerable amounts of money if we do not reduce the amount of biodegradable waste we send to landfill each year. Aberdeen City Council has responsibility to implement measures to reduce the amount of waste sent to landfill.

13. Which of the following steps would you like to see Aberdeen City Council take to reduce the amount of household waste that is sent to landfill? Please tick all that apply.

a) Offer a weekly collection of materials for recycling	<input type="checkbox"/>
b) Give more information on HOW to minimise waste	<input type="checkbox"/>
c) Give more information on WHAT you can recycle	<input type="checkbox"/>
d) Introduce compulsory recycling	<input type="checkbox"/>
e) Introduce financial penalties for those who don't recycle	<input type="checkbox"/>
f) Give more information on home composting	<input type="checkbox"/>
g) Introduce compulsory home composting	<input type="checkbox"/>
h) Charge households for the amount of waste they throw away	<input type="checkbox"/>
i) Dispose of waste through an 'Energy from Waste' facility	<input type="checkbox"/>
j) Offer fortnightly collections of refuse	<input type="checkbox"/>
k) Other (please specify) _____	<input type="checkbox"/>

Aberdeen City Council's current recycling and waste minimisation targets are based on the weight of materials collected for recycling, and not the volume. Collecting plastic bottles, which do not greatly add to our recycling targets because they are so light in weight, make up a high proportion of the costs of running the kerbside recycling collection service. Also, as plastic bottles are not biodegradable (the process in which materials break down naturally) they do not count towards our landfill avoidance targets and will not reduce the large fines we are facing to dispose of your waste.

08 Aberdeen's City Voice Questionnaire

14. Do you think Aberdeen City Council should continue to offer a collection of plastic bottles via the kerbside recycling collection service? (Plastic bottle recycling facilities at Recycling Centres and Points would still be available for residents to use).

Yes No Don't know

Home compost units and green cone waste digesters are two methods for recycling kitchen and garden waste. A compost unit is suitable for leaves, grass, paper, fruit and vegetable scraps and usually produces compost within 6-12 months. A Green Cone breaks down cooked and uncooked food waste, including meat, fish, bones, dairy products, vegetables and fruit. It breaks down waste to its natural components of water, carbon dioxide and a small residue and this nutrient rich mixture feeds the soil.

15. Do you use a home compost unit or green cone waste digester to recycle your kitchen and garden waste? Please tick ONE box only.

a) I use a Home compost unit only	<input type="checkbox"/>	b) I use a Green cone waste digester only	<input type="checkbox"/>
c) I use both a compost unit AND a waste digester	<input type="checkbox"/>	d) I use neither	<input type="checkbox"/>

If you ticked d) please state why you do not use either a home compost unit or a waste digester.

16. How do you think we should promote the use of home compost units and green cone waste digesters to residents? Please tick all that apply.

a) Events (such as Belmont Market)	<input type="checkbox"/>
b) Internet adverts	<input type="checkbox"/>
c) Leaflets through the door	<input type="checkbox"/>
d) Outdoor posters	<input type="checkbox"/>
e) Newspaper adverts	<input type="checkbox"/>
f) Television adverts	<input type="checkbox"/>
g) Other _____	<input type="checkbox"/>

Currently in Aberdeen there are household collections of garden waste, kerbside recycling of plastic bottles, food and drink cans, glass, paper and cardboard and a wheeled bin collection of general waste.

17. If Aberdeen City Council could offer you the collection of ONE additional material for recycling, what would it be?

ABERDEEN'S IMAGE

Trees

Trees and woodlands are an integral part of our natural heritage. Their presence can have a significant impact on our environment quality and contribute to the attractiveness, beauty and character of Aberdeen.

1. Do you think that trees make up an important part of the landscape of Aberdeen?

Yes No Don't Know

If No, why not?

2. Should more trees be planted in Aberdeen?

Yes No No Opinion

If Yes, where? Please tick all that apply.

a) Car parks	<input type="checkbox"/>
b) Open spaces	<input type="checkbox"/>
c) Parks and gardens	<input type="checkbox"/>
d) Pavements	<input type="checkbox"/>
e) Street verges	<input type="checkbox"/>
f) Other (please specify) _____	

3. When new trees are to be planted should they be from Scotland (native species) or from other countries (non-native species)? Please tick ONE box.

<input type="checkbox"/> a) non-native species	<input type="checkbox"/> b) native species
<input type="checkbox"/> c) mixture of non-native and native species	<input type="checkbox"/> d) don't mind/don't know

The Scottish Executive recently published an initiative to encourage community involvement in trees and woodlands.

4. Do you think there should be community involvement in the preservation, maintenance and planting of trees and woodlands within the city?

Yes No Don't Know

'Green Monuments' are old, large trees that not only have important historical links but are also part of our future.

In the UK we have iconic buildings, bridges, battlefields, people and of course trees.

10 Aberdeen's City Voice Questionnaire

5. **As a general rule, do you think large mature trees or 'Green Monuments' of important heritage value be given the same protection as Listed Buildings in Aberdeen?**

Yes

No

Don't Know

6. **In your opinion what should or could be done to preserve these 'Green Monuments' for future generations?**

Thank you for the information you have provided. This information is important and will be used to help in future decision making. It will also help to determine whether there is a need for an Urban Tree/Forest/Woodland Strategy for the city.

If you want any more information on trees in Aberdeen or are interested in being involved in the preservation, maintenance and the planting of trees and woodlands within the city, please contact Duncan McGregor on 01224 522440 or dmcgregor@aberdeencity.gov.uk

GENERAL QUESTIONS

Doorstep Crime

Doorstep crime is a phrase used to describe crimes committed by people who attempt to take advantage of, predominantly older, residents by calling unannounced at their home (cold calling). Typically, the caller will try to persuade the resident to accept their offer of goods or services for which a wholly unacceptable and usually very high charge is made. Sometimes the caller, having "tricked" their way into a resident's home, will simply steal money or property whilst the householder's attention is diverted.

Education of potential victims is a typical and effective means of combating this type of crime, often by means of leaflet drops to residents' homes and stories in the local media. In addition, as an accompaniment to these measures, some local authority areas have allowed 'No Cold Caller Zone' signs to be displayed on street furniture (e.g. lamp posts) in order to deter potential criminals.

1. **Do you think that displaying 'No Cold Caller Zone' signs on street furniture in Aberdeen would be an effective means of combating doorstep crime?**

Yes

No

Don't Know

2. **Would you be happy to have such signs displayed in your area?**

Yes

No

Parking Patrols

The Council is looking to increase parking patrols throughout the city dealing with street parking.

This will mean that patrols are in progress for 20 out of 24 hours, seven days a week.

3. Do you think that this length of enforcement is required?

Yes No Don't Know

4. Do you think that additional patrolling will ease congestion throughout the City?

Yes No Don't Know

Neighbourhood Community Action Plans

The first Neighbourhood Community Action Plans for the City's 37 Neighbourhoods were produced in May 2006.

These plans highlight local issues and priorities within a specific Neighbourhood, as identified by those living in the Neighbourhood. They also explain what Community Planning Partners are doing to address these issues and priorities.

Neighbourhood Community Action Plans can be found in Community Centres, Dentists, Health Centres, Doctors Surgeries, Post Offices, in Central and local Libraries and the home library service and on the Community Planning website (www.communityplanningaberdeen.org.uk).

Your feedback will be used to find out how much you know about neighbourhood planning and how the process of neighbourhood planning can be improved in the future.

5. Have you heard of Neighbourhood Community Action Plans?

Yes (Go to Question 6) No (Go to next section - IKIOSKS)

6. Have you looked at the plan that relates to your Neighbourhood?

Yes No

If Yes, on a scale of 1-10, how useful did you find the plan?

Not at all Useful

1 2 3 4 5 6 7 8 9 10

Extremely Useful

Don't Know

7. If you thought the plan was not useful, please give a reason why.

12 Aberdeen's City Voice Questionnaire

8. Did the plan make it clear who was responsible for carrying out any proposed actions?

Yes No

9. Do you think you have a role in the Neighbourhood Community Action Plan that has been published for your area?

- | | |
|--|--------------------------|
| a) Yes I think I have a significant role | <input type="checkbox"/> |
| b) Yes I think I have a small role | <input type="checkbox"/> |
| c) No I do not think I have a role | <input type="checkbox"/> |

10. Are you aware of how to get local issues included in the Neighbourhood Community Action Plan Process?

Yes No Don't Know

11. After reading the plan, are you now more likely to get involved in the Neighbourhood planning process? This would include opportunities for you to develop and improve services at a local neighbourhood level.

Yes No

If you would like more information on neighbourhood planning, or would like to know who your local Neighbourhood Community Planning Officer is, please contact Dave Kilgour on 01224 523035 or dkilgour@aberdeencity.gov.uk

iKiosks

In May 2006, iKiosks were installed at six sites in Aberdeen. Outdoor iKiosks are situated outside the Art Gallery, near Marks & Spencer, at the Music Hall and in the Castlegate. Two indoor single-screen kiosks are located at Aberdeen Royal Infirmary and at the Robert Gordon University's new sports complex. In late September, a further iKiosk will be available at Torry Library.

iKiosks offer residents and tourists free and easy access to information about the city. Information found on the iKiosks comes from various sources, including Aberdeen City Council, who are leading the project, Grampian Police, NHS Grampian, the Robert Gordon University and Visit Scotland. All iKiosks are accessible to people with disabilities and help reduce the "digital divide" by giving everyone who uses public services instant access to information on a wide range of subjects. As the iKiosk Network develops, important notices from the Council, NHS Grampian and Grampian Police could be displayed in different languages.

Future iKiosk developments could include a link with the Council's Accord smart card, for example, "topping up" the electronic purse held on the Accord card along with a credit card. Payments could also be made with the card for certain Council services.

12. Have you used an iKiosk?

Yes No (Go to Question 15)

If Yes, on a scale of 1 to 7, how easy was it to use the iKiosk? Please circle one number.

Very Difficult Very Easy
 1 2 3 4 5 6 7 8 9 10

13. Which of the following facilities do you think should be available on the iKiosks?

Please tick all that apply.

- a) 'Free' Internet calls to the Council for emergency notification (e.g. gas, and water leaks, housing repairs etc)
- b) 'Free' Internet calls to the Council for information requests (e.g. Council tax and housing benefits, Council house availability etc)
- c) Simple on-line request forms such as for 'special refuse uplifts'
- d) Credit or debit card payment options (to pay Council Tax, rents and sundry items such as parking fines, licensing fees etc)
- e) Ability to use Council's Accord smart card
- f) Other services (please specify) _____

14. Would you like to see information on the iKiosks available in more languages?

Yes No No Opinion

If Yes, which languages _____

15. Do you think that iKiosks should display adverts if they help to pay for additional iKiosks at no extra cost to the Council?

Yes No Don't Know

16. Most iKiosks are currently outside. Would you like to see more iKiosks inside Council offices or other public buildings?

Yes No No Opinion

17. Do you think there needs to be better signs on the top of iKiosks which can be seen from a distance, explaining their use more clearly?

Yes No Don't Know

If you are interested in finding out more about how to use an iKiosk or want to take part in an awareness event, please contact Phil Mills-Bishop on 01224 522695 or pmbishop@aberdeencity.gov.uk

14 Aberdeen's City Voice Questionnaire

Aberdeen City Council Website

Aberdeen City Council's website (www.aberdeencity.gov.uk) was re-launched in May 2006. The new site is designed to be more accessible to citizens. It provides information on all council services, and in many cases is a way of accessing these services electronically.

We get many comments from people who visit the website but we also want to get more detailed feedback. This will allow us to establish what you want to see on the site and allow us to make improvements.

This is your opportunity to influence how we develop the new site and the range of services and topics that are included.

18. In the last 12 months, have you visited Aberdeen City Council's website?

- Yes (Go to Question 20) No (Go to Question 19)

19. If No, what is the main reason?

- | | | | |
