~~Councillor Yvonne Allan~~  
**Neil Hendry (Lochside Academy, Head Teacher)**  
Tracey Buchan (AHSCP)  
**Simon Rayner (ADP)**  
Ed McGann  
Bill Watson

Ross McKay (Grec)

ACTION POINTS	ACTION LEAD
1. Welcome/introductions/previous minutes	

<p>Councillor Allan wanted to remind the group that she cannot often make these meetings as they fall at the same time as her surgeries. The minute from the last meeting will be amended to reflect this.</p> <p>Other matters arising will be covered in the meeting.</p>	<p><b>Jade</b></p>
<p><b>2. LOIP Update &amp; Priority Projects</b></p> <p>Jo explained that the LOIP has been updated and refreshed and reminded the group that the Locality Plans sit under the LOIP as area specific plans as determined under the Community Empowerment ACT Scotland 2015.</p> <p>The refresh has highlighted several priority improvements (125 projects to be delivered in the next 3 years) projects, which were circulated to the Partnership in advance of the meeting. Today we would like to look at the ones we would like to see being delivered and tested in Torry. The other two Localities will do a similar exercise and then projects will be proposed to the Community Planning Aberdeen.</p> <p>Jo went through a first pass of the projects, mapped into the PNA and the Partnerships Refreshed priorities (as circulated). The Partnership wanted additional time to look at the options and a circular will be sent to the Group to respond by the 6<sup>th</sup> May 2019.</p> <p>Ross (GREC) is going to look to get the figures for the uptake of the Healthy Start Vouchers – Jade to send PB Postcodes.</p>	<p><b>Jade</b></p> <p><b>Ross</b></p>
<p><b>3. Torry Community Hub</b></p> <p>Complete mid to late 2020/21.</p> <p>Miscommunication of Tilly hub visit – visit to be rescheduled and communicated to the group ahead of special hub meeting.</p> <p>Bill Watson went over the Bubble Plans:</p> <p>Hub area 2 story area with open plan café/library with big open space for dining &amp; gym. For big events ‘super space’- they will ensure there is enough toileting facilities.</p> <p>Sometimes this space will need to be segmented as it will sometimes be used by the school. High roof approx. 6 meters.</p>	<p><b>Colin Wright</b></p>

<p>Potential café kitchen and training kitchen could be linked. Potential for external use too – allotments/confidence to cook etc. The partitions would be robust and moveable. They provide very good sound insulation.</p> <p>14 classrooms plus 2 general purpose rooms. 430 school-roll on average.</p> <p>This design better details some ideas that was broached at the last meeting.</p> <p>Parking/loading bay space has not been forgotten but the design is still at the early stages. Normund also made the point about need for safe space for Buses/Coaches too. The group feel strongly that parking needs to be looked at as a priority both within the site and around the periphery. Need to be aware of striking the correct balance.</p> <p>Jo is there an option to extend minimum car park spaces. Bill has advised that he would do his best to ensure maximum parking provision. There will be electric charging point(s).</p> <p>‘Safer Routes’ initiative being considered too. Grant funding potentially available.</p> <p>Jo felt that 4 small rooms was too many- perhaps this could be reduced to two. Would like one Office for the entire complex so that teams can more effectively work in partnership. Bill and Ed have taken these comments on board and it should be noted that this is not the final plan – this still needs to go to community consultation.</p> <p>Chris, suggested to meet with folk from Middlefield Hub to see what they liked/ would do differently</p> <p>Colin to organise date with other hub(s) before the meeting on the 15<sup>th</sup>.</p>	<p><b>Colin</b></p>
<p><b>4. Cruyff Court</b></p> <p>The Cruyff Court aims to be open to the public by November this year (all being well). The court will be located on the Tullos Pitches directly on top of and replacing the current artificial pitch.</p> <p>The court is 1 third larger than the court located on Catherine Street and will also feature a hard surface play area and a path going from the Tullos Community Centre/Swimming pool to the court. The path will start with a disabled ramp to allow access for all.</p> <p>The floodlights will be operating by using a push button that will need to be re-pressed at 30-minute intervals. The idea is that it will be</p>	

<p>isolated to save it being on during daylight hours.</p> <p>The funding for this is in place, apart from the additional bits we might wish to add to the hard surface area and the pathway. We are currently visiting schools and community groups to get some feedback on what they would like to see featured, this needs to be complete at back to the architect by the week beginning 5<sup>th</sup> May. All ideas welcome and we are happy to attend any groups! There is also a survey for those unable to come to the groups, you can find the link on the Torry page of the Community Planning website.</p> <p>Jade will send the link to the survey to the group.</p> <p>Blessing suggested using group call, Jade is going to send the link to the schools to do this.</p>	<p><b>Jade</b></p> <p><b>Jade</b></p>
<p><b>5. Improvement Project Tracker</b></p> <p><b><u>Torry Tasters and FSM Uptake</u></b></p> <p>1<sup>st</sup> 6 taster classes complete at Tullos Primary with reasonable uptake and positive feedback from families who took part.</p> <p>2<sup>nd</sup> 6 workshops beginning on Thursday at 'Cook in the Neuk' waiting list of families and better initial contact.</p> <p>Each Structured session includes school menu recipe and discussion topic.</p> <p>Final 6 (of 18) sessions- target may be mix of primary or Lochside pupils?</p> <p>Project team meeting today – discussed draft design for School cookery booklet which is looking great. These will also have some recipes contributed through schools. Online and printed copies hopefully for every family in both Primaries.</p> <p>Next stage to look at gathering more robust feedback/survey on FSM from pupils and parents. Look at how meals can be influenced to encourage uptake.</p> <p>Consider pilot in other primaries where cook undertakes funded 'MasterChef type activity with pupils. Also look at schools where uptake is highest? And possible focus on increased uptake at Lochside.</p> <p>Suggestion from Jo – identify families that we could provide ingredients as well as the cookbook</p> <p>Margaret – any chance of evening sessions? Possibly for final 6 sessions.</p>	

**Wider Community Participation**

***Torry in Bloom***

Teresa to give an update at the next meeting. There is a meeting arranged to look at this next week.

***Branding***

The song has been recorded by Big Noise children and recorded by SHMU. We have done a little recording of groups, but this still needs to be complete and pulled together.

**F&F**

30 children a day for F&F and 30 children a day for big noise. A positive of the easter programme was that there was more support from family learning and social work provision. On a more negative note, many of the families identified as being the most vulnerable families were the ones that did not attend the sessions. Need to do more research to find out why this is and what support we can put in place. There was also breakfast sessions to the Easter programme because some of the children at pervious holidays struggled with the physical activities without breakfast

**Victoriart**

Permission to paint the communal bins. It will cost £300 per bin and they will start as soon as they get the funding.

Wanted to check with the tenants across from the marine lab, there were no problems.

Golf Course checking with their members.

Still awaiting planning permission. As a reminder the other murals will be at the carpet shop and on a wall on girdleness road.

**6. New Improvement Charter Updates**

**a) Youth ASB**

There is another TYAG meeting scheduled for next week and a fuller update will be at the next meeting. Year on year ASB comparison shows a decrease in 2019. Highlighted great success of unit both in relation to resident's happiness and the level of ASB. Since the units closure there

<p>has been increases in ASB issues in the area. TYAG will look at options to address the increase in ASB issues.</p> <p>Chris said it would be great to get CCTV in the area. Derek to find out how this can happen.</p> <p><b>b )ADP Projects</b> Need to get clarity on what ADP are doing as we do not want to develop projects that are already happening/overlap bits of work. Challenge that we have is that there is funding available but a lack of resource to use it. Needs to be a bit more cohesiveness. ADP have just employed a new Development Officer, Jo is hoping to meet with her to discuss what her plans are going forward.</p> <p><b>d) External Funding</b> First session ran at end of March. 2 organisations came along and are now looking at putting together funding bids. Next session 10-12noon on 14<sup>th</sup> May at Tullos Learning Centre. Oral Health bid to address the significantly high rate of tooth decay of any other area in the city both Torry east and west are bottom. Twice the rate than other areas in the city. Waiting for the bid to come through.</p>	<p><b>Derek</b></p>
<p><b>7. UDECIDE 2018/19</b></p> <p>Some outstanding PB payments are due to be allocated.</p> <p>Reminder that there is still £7,000 to spend on PB in Torry so we need to consider how to disseminate this. The steering group are happy to sit on the group again, and will put the opportunity out to the wider community for participation too.</p>	
<p><b>8. Torry Outdoor Sports Centre</b></p> <p>After last meeting, Sport Aberdeen have said they are going to do a safety check to make sure the building is safe for use. This Friday there will be a meeting with someone from ACVO to look at the business plan. Sport Aberdeen will be liable for emergency repairs to make the building safe use.</p> <p>Tennis courts could be opened when the building is closed.</p>	
<p><b>9. Report Back from Torry Partnerships</b></p> <p><b>a) TYAG</b> Due to the holidays there has not been a meeting however there is one scheduled for next week.</p> <p><b>b) Partnership Forum</b> Met to discuss some of the key projects in the LOIP and locality</p>	

<p>partnership – things around cost of school day and attainment were discussed. Waiting to hear back from Partnership Forum. Partnership agreed to move, on rotation, our LP meetings to during the day Start day time alternate starting from 5<sup>th</sup> of June meeting. Time will be from 12.15-2.15pm</p> <p><b>c) LLG- new locality structure</b> – Emma not here to provide update</p> <p><b>d) Community Council</b> Mr Henry came to last meeting to answer set of questions around the parents concerns. There is a report going to Operations Committee next month.</p> <p>Website. TCC speaking to SHMU, one of the things they can do is to have a connect Torry Website with links between all services. The website would cost £1,700 for whole year. Looking for 5/6 people to come to a meeting to look into this further. There would be local information accessible and there would also be an opportunity for local businesses to advertise.</p>	<p><b>Jade to arrange let for room and send update.</b></p> <p><b>Teresa – support with funding</b></p>
<p><b>10. Foundation Centre Update</b></p> <p>Project Proposal and costings for Developer Contributions are now with the Communities Team to be finalised and sent on for consideration.</p> <p>Having received the tender breakdown, the Kings group are trying to determine how we afford the shortfall through grant applications or by staggering the works. So non -essential areas may be done later.</p> <p>Last Steering group - update on meetings with Local Health representatives to look at inclusion in the programme. Also, promotion of the building development and keeping the community updated – social media and leaflet drop as part of Kings church annual summer event in Logie Park – reaches all households in Torry.</p> <p>The groups next Steering group meeting is on the 13<sup>th</sup> of May. If anyone is interested to go along, they can contact <a href="mailto:asteehouder@aberdeencity.gov.uk">asteehouder@aberdeencity.gov.uk</a></p> <p>A representative from the Kings Foundation will be invited to the next Locality Partnership meeting.</p>	
<p><b>11. AOCB/DONM</b> <b>Remember</b> 15<sup>th</sup> May – Special meeting to look at the hub 5<sup>th</sup> June – general meeting – <b>CHANGE OF TIME 12.15-2.15PM</b></p>
