Changes Being Tested (Specify location/ test group)		Are our changes resulting in improvement?		
At this stage in the change we are testing is whether a high-profile awareness event encourages an increase of food growing in workplaces?		<p>Our first awareness event was on 7 Oct, where we played a prominent role at the Grow, Cook, Eat Conference. We wanted to use CEOs or influential people to get 6 organisations to pledge support and sign up for workplace growing. We managed to get three organisations signing up to workplace growing (ACC, NHS and Scottish Fire and Rescue) and all their leads were filmed pledging their support. NHS film <a href="https://www.youtube.com/watch?v=64FmWe2AeOw">https://www.youtube.com/watch?v=64FmWe2AeOw</a></p> <p>There are other serious expressions of interest following the conference and will these be followed up on over the next few weeks.</p>
