Changes Being Tested (Specify location/ test group)	Are our changes resulting in improvement?														
<p>A review of what the current Senior Phase looks like has been undertaken to establish the impact of Covid-19 and also to set the baseline data for the project.</p> <p>The Attainment and Transitions group are undertaking a review of curriculum data and setting a series of questions to be asked of ourselves as the 2021 partnership curriculum is being planned in October. The paper will test out key messages about the changing labour market to curriculum design and inform pupil pathway choices in a post Covid economy.</p> <p>From the review and guide, a gap analysis is being undertaken to enable the project team to identify the change ideas to be taken forward in the first instance and whether other change ideas are now required in response to the labour market challenges and current position. Work to enable parents to support young people with choices has been completed but will now be reviewed given the very different operating environment.</p>
