

Locality Recovery Plan

Woodside, Tillydrone and Seaton

October 2020

Introduction

The purpose of this Locality Recovery Plan is to focus on what is happening in our priority localities to support recovery from the ongoing impact of Covid 19. Community groups and organisations have responded extremely well in adapting local support and service delivery to meet the needs of all communities and our most vulnerable citizens. This has been complimented by responses from Community Planning Partners.

The plan describes City-wide actions which will deliver improvements in our localities and then goes on to describe local plans and actions.

The Locality Plan Annual 2019/20 reports [TWS-ANNUAL-REPORT-1920](#) as well as reporting on 2019/20, reflect work being undertaken across Woodside, Tillydrone and Seaton in response to the ongoing crisis. In addition, the Fairer Aberdeen Fund quarterly reports detail a considerable amount of work being undertaken both by projects which operate specifically in the locality, as well as locality outcomes that are delivered by projects delivering on a city-wide basis.

Socio-Economic Recovery Plan

A Citywide recovery plan was developed with partners to support our communities and economy across the city. Covid Impact data

Data highlighting the impact of Covid in Woodside, Tillydrone and Seaton is shown below – drawn from calls to the crisis line and demand for food and free school meal vouchers. This underpins the refreshed locality priorities below around mental health and wellbeing and poverty.

Woodside, Tillydrone and Seaton Locality Partnership

The Tillydrone, Woodside and Seaton Locality Partnership carried out a survey during April and May 2020 to refresh the locality plan priorities – although the ability to hold local meetings was restricted, over 100 responses were received through social media channels. Priorities were discussed with the Locality Partnership and the 5 emerging priorities are:

- A safe community is important to me
- An inclusive community where people have the same opportunities regardless of age, ability, gender, race and wealth is important to me
- Improving physical health in the area is important to me
- Improving mental health in the area is important to me
- Improving well-being (health, happiness and comfort) is important to me

Work is still to be done to consult more widely with the communities across the locality on these priorities and this Recovery Plan. Further work to refresh the Locality Plan during 2020/21 and to further align these priorities with the Local Outcome Improvement Plan.

Progress on Covid responses in respect of these priorities is described below under the key themes of Economy, People and Place.

- delivery of The Pantry with Cfine – support for people to progress from reliance on emergency food provision, to a more dignified and sustainable model.
