- Mastrick Post Office

## Get Involved

### *Locality Empowerment Groups*

Locality Empowerment Groups (LEGs) are made up of local people interested in improving outcomes with Aberdeen City. LEGs members will use their knowledge and experiences to influence priorities and help determine solutions. There are groups for Central, North and South of Aberdeen, however they also focus on needs that may be Citywide e.g. sharing your experience as a person living with a disability.

The role of a LEG member is intended to be as flexible as possible. People can contribute in several ways including; getting involved in activities to improve your community; attending LEG sessions; through participation in surveys or on- line forums. There are no set time commitments expected and involvement can be as little or as much as suits people's circumstances.

## Cummings Park, Heathryfold, Northfield, Mastrick and Middlefield

### *Priority Neighbourhood Partnership*

Priority Neighbourhood Partnerships (PNPs), like Locality Empowerment Groups, work collaboratively to develop and implement actions that address community priorities outlined in Aberdeen's three [Locality Plans](#), as well as respond to emerging local issues. The groups consist of local residents and partner organisations, fostering strong partnerships and shared decision-making. PNPs specifically focus on identified Priority Neighbourhoods across the city and are chaired by community members, with agendas set by community representatives. Their work involves creating plans aimed at improving conditions within their communities, with the belief that involving local people in both the development and delivery of these plans offers the greatest potential for meaningful and lasting change.
